THE PD EXPERIENCE

LEADERSHIP & PERSONAL DEVELOPMENT

DISC ASSESSMENT & WORKSHOP

As a certified DISC trainer, I facilitate training to help your team communicate more effectively.

LEADERSHIP DEVELOPMENT

I'll work with your leadership team and teacher leaders to augment their understanding of key leadership principles.

CULTURE & CLIMATE

Let me help you create the type of work environment that embraces everyone's differences.

ABOUT ME

I've had the unique privilege of not only working with leaders in the educational arena, but also leaders of non-profits and other community agencies. Through these experiences, I have a keen awareness of agencies' need for effective teams. I work with leaders to **assess** the need, design training to **address** the need then work to get the **results** you want. I do it through training that focuses on leadership, communication, and personal development.

Dr. Pamela Davis, Certified DISC Trainer
